

# 60 MINUTES

What difference can an hour make?

Many times individuals do not want to get involved because they do not have the time or do not think that one person can change anything. Well that is not true. SKIP just held its annual spring cleanup; and as you can see from the pictures, eleven people did make a difference in just one short hour. The Schuylkill Chamber Leadership class participated in the cleanup and spent one hour cleaning up litter. Look at the litter these eleven individuals collected in that hour.

Please consider joining our cleanup in the fall. If you would like to help, please call SKIP at 570-628-3758.

**YOU CAN MAKE A DIFFERENCE!!!**
