

SCHUYLKILL COUNTY OFFICE OF SOLID WASTE & SKIP

USED CELL PHONE COLLECTION

DROP-OFF OLD CELL PHONES

in the COUNTY COURTHOUSE – at the Public Entrance
or in the SKIP OFFICE
Chamber of Commerce Building, 91 South Progress Avenue, Pottsville

- * Did you know that cell phones contain numerous hazardous substances?
- * These toxic substances, known as PERSISTENT TOXINS, linger in the environment for a long time without breaking down.
- * These toxins have been connected with cancer, & ranges of reproductive, neurological, and developmental disorders.
- * When buried in landfills, these toxins can leak into soil & drinking water.
- * When burned in incinerators, they pollute the air!

- Please drop your unwanted or broken cell phone in the collection box at either location.
- Please attach the battery charger to the cell phone & include the instruction manual, if you have them. (Don't forget to erase all address book info, etc.)
- Your old cell phone can be used to provide wireless communication to those who are in need.
- For each working cell phone, SKIP will receive a monetary donation from the American Cellular Donation Organization. All broken, non-working cell phones will be properly recycled.
- Your donation is tax-deductible! Donation receipts can be generated at www.cellulardonation.org.
- For more information, contact Michelle Kintzel in the Office of Solid Waste at (570) 628-1220.

☺ Please help Protect the Environment & Raise Funds for SKIP! ☺
